

Year 1 Curriculum Map 2025-2026

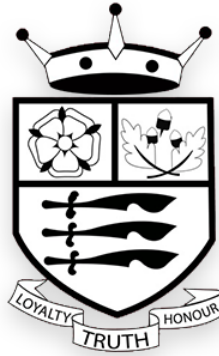

English

Writing: This term we will be developing our ability to structure pieces of writing to have a beginning, middle and end. We will be working on adding more detail to our sentences by using conjunctions. We will continue to develop the children's handwriting and practising the correct formation of each letter. We will continue to focus on reading and comprehension skills through the RWI programme.

Grammar, Punctuation and Spelling: We will also continue to develop the skills of using phonics to sound out words and the accurate spelling of high frequency words. We will be encouraging the children to use a range of punctuation in their writing.

Key Texts: Key stories explored this term include: Winter, Goldilocks and the Three Bears and The Smartest Giant in Town.

Spring Term

Maths

This term in Maths, we will continue to build upon components from our 5 blocks (Number, Operations, Fractions, Shape and Direction, Data Handling). Some of our new learning this term will cover the following areas: to identify the value in number up to 50, to solve one-step problems using number operations, to explore halves of shapes and quantities, to use key vocabulary to describe 3D shapes such as faces and to use the language left and right to describe turns. We will also be learning to tell the time to the nearest hour.

Art & Design

This term in Art, we will be focusing on colour. We will be learning how to identify and mix primary colours to make secondary colours. We will be using different types of brush techniques to create shape and texture.

Computing

This term in Computing, we will be making animated stories. We will be learning how to use different animation features and continuing to work on our keyboard skills. We will then do more coding work with Espresso Coding.

Design & Technology

This term in Design & Technology, we will create moving pictures using a range of materials, tools and mechanisms. Before making our own product, we will explore existing moving pictures and identify design elements we like and dislike.

Geography

This term in Geography, we will be exploring the United Kingdom. We will explore the countries that make up the UK as well as the Union Jack Flag. We will be comparing the landmarks and the weather across Pinner and a variety of cities in the UK.

History

This term in History, we will be learning about homes from different periods. We will be focusing on a round house, a Victorian home, current homes and homes in the future. We will be comparing these and thinking about their key features.

Languages

Not Applicable

Music

This term in Music, we will be continuing to create a mixture of different sounds, through the topics Machines and Our School. We will be learning to play and maintain a steady beat. We will also be making sounds using everyday objects.

PE & Sport

This term in PE, we will explore different travelling movements. We will also explore fitness and the importance of being active. During our outdoor PE sessions, we will be developing our ability to send and receive a ball with control.

PSHE

This term in PSHE, we will be looking at dreams and goals and how to live a healthy lifestyle. We will also be continuing to develop our understanding of how our brain works, through our MindUp lessons.

Religious Education

This term in RE, we will be learning about creation in Christianity and Judaism. The children will listen to different religious stories. The children will also be encouraged to share their own experiences and their knowledge of places of worship.

Science

This term in Science, we will learn about materials. We will be exploring different materials and looking at their properties. We will also think about the suitability of the material for different purposes.

Trips & Workshops
